## ALLIES RETURN TO SPIRIT OF CONCILIATION

Despite Strained Relations, French  
and Belgians Don't Want to  
Wreck Conference

## AWAIT SOVIET REPLY

General Principles of Genos's Rus-  
sian Policy Find Approval  
in Washington

(By the Associated Press)

Genoa, May 9. — What some neu-  
trals summarized as "samer views"  
seemed to prevail today among the  
Allies at Genoa, despite the general  
impression that the relations between  
England and France are slightly  
strained in consequence of France's  
sudden decision to throw in her lot  
with Belgium on the foreign prop-  
erty issue.

But both Belgian and French dele-  
gations gave out the idea that they  
were not intransigent and that they  
sought an opportunity to find a satis-  
factory formula and, above all, did  
not wish to wreck the conference. In  
other words, they returned to the  
spirit of conciliation that has been  
manifest after the past few days of  
deliberate excitement, which everybody  
realized not only endangered the con-  
ference, but risked creating serious  
friction between the Allies themselves.  
There is a strong feeling here that  
France's attitude on the Russian  
memorandum, which caused Mr.  
Lloyd George to tell Mr. Barthou that  
England and France were at the turn-  
ing point of their relations, is based  
on something more than of hostility  
to the proposed treatment of foreign  
property in Russia and that it is partly  
the outgrowth of her anxiety about  
German reparations.

French Industries Crippled.

The Associated Press correspond-  
ent informed that France can do  
nothing commercially or industrially  
in Russia until her devastated in-  
dustries are reconstituted by suitable  
indemnities from Germany.  
France maintains that she would  
better be able to help Russia after  
French industries were restored, and  
that the world, including England,  
would much rather tend to forget  
that France's industrial conditions are  
still deplorable. France, a country  
of multitudes of small property own-  
ers and landed proprietors, finds her-  
self instinctively opposed to the re-  
gime of Communism and the annihila-  
tion of individual ownership. She  
wishes to extend the hand of welcome to  
the Bolsheviks because she believes that  
they endanger the entire social struc-  
ture of Europe.

Lloyd George Over-Eager?

Conservative Frenchmen are de-  
scribed as regarding Mr. Lloyd George  
as being over-eager to rebuild Ger-  
many before France's justified restora-  
tion and over-ready to negotiate with  
the exponents of a dangerous social  
system, which may later disturb the  
entire structure of Europe, after long  
centuries of trial and struggle.  
So far as reparations are concerned,  
the conference leaders are pinning  
their hopes on the forthcoming bank-  
ers' meeting at Paris, which J. P. Mor-  
gan will attend, to study the possi-  
bility of floating a loan for Germany.  
This shows the vital role the United  
States is still playing in the Euro-  
pean situation. The conference, for  
everybody knows, cannot be taken up  
seriously by Germany. Its success  
could not only help Germany, but  
could enable France's restoration  
through the payment of reparations.  
It is believed that this project, more  
than any single consideration, is serv-  
ing to calm the frenzy which has rag-  
ed in Genoa during the past few days.

Russan Reply Eagerly Awaited.

Genoa today was eagerly awaiting  
the Soviet reply to the economic com-  
mission's memorandum on the Rus-  
sian question, with the fate of the  
conference hanging largely upon the  
reply to the Russian response. If the  
reply is essentially conciliatory, it is  
argued, the French and Belgians will  
have difficulty in maintaining their  
opposition to the memorandum; but if  
it should prove highly intransigent,  
President Millerand's position will  
become untenable and the conference  
will be in danger of immediate  
disruption.

The Russian delegation summoned  
a large staff of typists who began  
typing the response which it is ex-  
pected will be delivered tomorrow.  
Foreign Minister Tchicherin and his  
associates insist the reply is concilia-  
tory, but the Soviet conception of a  
conciliatory attitude, it is felt, may  
differ radically from what the French  
or even the British would character-  
ize by this term.

The Russian reply is forecast, will  
be firm in their opposition to the first  
clause of the allied memorandum, which  
forbids their agitation against  
changes in the present territorial  
boundaries and insists they shall sup-  
press all attempts in their territory  
to assist revolutionary movements in  
other states.

The Soviet representatives take this  
as an attempt to limit all Communist  
activity throughout the world, and  
is regarded by the Bolsheviks as a  
direct thrust at the Third Interna-  
tional, which maintains its head-  
quarters in Moscow.

Washington Approves Genoa Policy.  
Washington, May 9. — The general  
principles laid down by the Genoa  
conference in formulating its policy  
toward Russia have been subjected to  
closest scrutiny by President Har-

## SHIPPING BOARD SALARIES LIMITED

Deadlock Between Senate and  
House on Independent Offices  
Appropriation Bill Broken

Washington, May 9. — The dead-  
lock between the senate and house on  
the independent offices appropriation  
bill was broken late today when sen-  
ate conferees agreed to accept the  
house limitation on salaries of ship-  
ping board officials. The agreement  
allowed employment of six of-  
ficers or attorneys at not to exceed  
\$25,000 and two at \$20,000, while the  
maximum rate to be paid other of-  
ficers would be \$11,000 a year.

The senate had added an amend-  
ment to the appropriation measure  
permitting the employment of thirteen  
officers at salaries in excess of \$11,000  
but did not fix a limitation on  
the amount that could be paid. The  
house refused to adopt that provision  
and conference committees com-  
promised with the exception that one  
officer might be paid \$15,000. On re-  
submission to the conference com-  
mittee, the \$15,000 salary was struck  
out and if the house now accepts the  
report of its conference committee,  
the annual appropriation bill prob-  
ably will receive the approval of the  
senate.

GOULD ESTATE IN DISPUTE.

New York, May 9. — While George  
Jay Gould was listening today to  
legal arguments in a suit for \$12,  
000,000 brought against him and  
Myron T. Herrick, ambassador to  
France, by receivers for the Wabash,  
Pittsburgh & Terminal Railroad, Su-  
preme Court Justice Delehanty is-  
sued an order enjoining him from  
pressing his claim for \$644,904.20  
against the estate of the late Jay  
Gould, his father-in-law.

Mr. Gould claimed the money on  
the ground that the trustees had  
withheld it from him as part of his  
share in the income. An application  
made by Howard Gould for permis-  
sion to resign as trustee was argued,  
but decision was reserved.

## NORRIS DENOUNCES HENRY FORD'S PLAN

"I Don't Propose That Any Cor-  
poration Shall Get Muscle  
Shoals," He Declares

Washington, May 9. — Henry Ford's  
proposed contract for purchase and  
lease of the government's Muscle Shoals,  
nitrate projects, was denounced today by  
Chairman Norris of the Senate agricul-  
ture committee as "unconscionable" and  
a "cinch" by which he would obtain  
"unregulated control of valuable  
properties and cause those who ne-  
gotiated the contract to be condemned  
by future generations."

The Nebraska member declared  
that no corporation would get the  
Muscle Shoals property with his con-  
sent.

"That applies to any damned cor-  
poration," the senator exclaimed. "I  
don't care if it's Ford's or any other.  
You know that if Rockefeller, or  
the International Harvester company  
was making the same proposition  
Ford makes, you would be here con-  
demning it, charging that congress  
was giving away the people's prop-  
erty to a corporation."

"Why, you could take the Ford of-  
fer to Wall street and get an ad-  
vance of 1,000 per cent. on it. A  
valuable contract like that is not  
to be given away something."  
Senator Norris continued. "No cor-  
poration ever got a more unconscion-  
able contract. You can't regulate this  
corporation any more than any other."  
"We will be condemned by future  
generations just like those who are  
condemned now who gave away lands  
to corporations in the past. It's a  
cinch and I don't propose that any  
corporation shall get Muscle Shoals  
with my consent."

WOULD FOIL THE THUGS

New York, May 9. — Appointment of  
a committee of officials of New York  
city and nearby towns to confer with  
New Jersey state officials in an effort  
to stop the sale of narcotics and wea-  
pons to thugs who ply their trade in  
New York was decided upon today at  
a conference arranged by Mayor Hy-  
lan.

ing and his advisors have been  
found to be in substantial accord with  
the views of the United States.

Without taking sides in the contro-  
versy which is now dividing the con-  
ference over certain questions of pro-  
cedure, a high administrative spokes-  
man declared today that this govern-  
ment had decided in virtual agreement  
with the conference plan to make rec-  
ognition of the Soviet government con-  
tingent upon its fulfillment of interna-  
tional obligations.

So thoroughly has the accomplished  
work of the conference thus far been  
found to be in substantial accord with  
the views of officials here that it was  
assumed that from the start the  
conference leaders had followed to the  
letter the principles announced by  
the American state department  
more than a year ago.

This declaration, which was the  
first comment to come from adminis-  
tration circles since the conference  
began, was made after President  
Harding and his cabinet had discussed  
the Genoa situation and the Rus-  
sian problem throughout most of the  
two-day meeting. Their considera-  
tions are understood to have been of  
a comprehensive character. Secretary  
Hughes, laying before his colleagues  
all of the confidential information re-  
ceived by his department from Am-  
bassador Child, and the other secretaries  
expressing freely their opinions re-  
garding the possible effect on the United  
States.

## HENRY P. DAVISON IS LAID TO REST WITH SIMPLE RITES

Multi-Millionaires and Villagers  
Meet at Little Ivy-Clad Chapel  
For Funeral of Banker-  
Philanthropist

Locust Valley, May 9. — Multi-  
millionaire and simple villager met  
today at the little ivy-clad chapel of  
St. John's of Lattingtown, for the  
funeral of Henry Pomeroy Davison,  
banker and philanthropist.

Present, too, were men and women  
of the American Red Cross as they  
tribute to the man whose affairs who  
during the World War had directed  
the organization's efforts to keep  
alight the spark of life or ease the  
final hours of the dying.

The Red Cross wreath occupied  
the place of honor at the bier; the  
Red Cross flag floated from the rafters  
in the tiny Long Island church; a  
group of Red Cross nurses stood with  
group of the church lawn during the  
simple Episcopal funeral service, and  
a delegation from the Red Cross  
War council officially represented  
"the Greatest Mother in the World."

J. P. Morgan, head of the banking  
house in which Mr. Davison had been  
a partner, led the procession into the  
church, to which only the nearest  
relatives and closest friends were ad-  
mitted. Around the chapel were massed  
men and women, internationally  
prominent, who had come by motor  
or special train for the ceremony. At  
the graveside for the final rites were  
only the closest friends.

The last wishes of Mr. Davison were  
fulfilled. Members of his family, al-  
though dressed in black, did not wear  
deep mourning. The service itself  
was as unostentatious as possible. The  
eulogy was omitted from the Epis-  
copal ritual which followed private  
services at the home. A mixed quartet  
from St. Bartholomew's, in New  
York, sang Mr. Davison's favorite  
hymns, "Abide with Me," and "On-  
ward, Christian Soldiers." The active  
pastor, Rev. J. P. Morgan, and  
Mr. Davison's company.

Ten trucks carried the floral trib-  
utes to the church. They came from  
individuals in all ranks of life. They  
came, too, from service and financial  
organizations with which the banker  
had been connected. The flowers  
so filled the chapel that, ordinarily  
able to accommodate 250, it could  
seat but 150. Outside on a country  
road gay with spring blossoms, men  
whose names carry authority in the  
world of affairs, mingled with vil-  
lagers.

Assembled for the services were all  
the Morgan partners but Julius S.  
Morgan and Thomas W. Lamont, who  
are in London. There, too, were Otto  
H. Kahn, August Belmont, former  
Ambassador John W. Davis, Felix  
Warburg and a host of others. It  
was as simple a ceremony as could  
have been held for the humblest  
American. In only one respect did  
the friends disregard his wishes. That  
was in regard to roses. They were  
everywhere present.

## GENERAL WU URGES PEKING TO ACTION

Asks Sung Lieh-Chen Be Appointed  
Governor of Manchuria to Suc-  
ceed Chang Tso-Lin

(By the Associated Press)

Peking, May 9. — General Wu Pei-  
fu has urged the Peking government  
to appoint a new governor of Man-  
churia to succeed General Chang Tso-  
lin. Sung Lieh-Chen, former gov-  
ernor of the province of Kirin, is  
the favorite of General Wu for the  
position. Although General Chang of-  
ficially no longer is head of the Man-  
churian provinces, President Hu  
Shih Chang is understood to be hesi-  
tating to take aggressive action.  
Liang Shih Yi, former premier, who  
has been dismissed and ordered  
under arrest by General Wu, is  
said to be planning to visit the United  
States.

Tien Tsin, May 9. — General Wang  
Cheng Pin, commander of the 23d  
division, arrived here this afternoon  
to take over the command of the Chi-  
li forces. General Wu Pei-fu will return  
to Paoing-fu tomorrow.

General Wu announces that the  
trouble in the province of Henan,  
caused by the revolution of Tschun  
Chaotai, has been suppressed by Gen-  
eral Feng-Yu Shiang. A portion of  
his troops won a victory near  
Peking in recent fighting under Gen-  
eral Wu. The situation beyond Tong-  
shan is still causing anxiety.

## ORGANIZED POLITICAL ACTION URGED ON BROTHERHOODS

Houston, Texas, May 9. — Edward  
F. Keating of Washington, former con-  
gressman from Colorado and editor of  
the official publication of the 16 rail-  
road brotherhoods, urged the neces-  
sity for organized political action on  
the part of the brotherhoods in an ad-  
dress today before the 10th triennial  
convention of International Brother-  
hood of Locomotive Firemen and En-  
gineers. Mr. Keating charged the  
Cummins-Bach bill presented a mil-  
lion dollars to the railroads and placed  
the employees at the mercy of the  
labor board.

CATHOLIC CHARITIES FUND

New York, May 9. — With upstate  
parishes yet to report, the Catholic  
Charities appeal fund is now \$569,931.  
Archbishop Hayes announced today  
it is expected the fund will reach  
\$700,000 when the 87 parishes out-  
side the city are included.

## CONSTANCE TALMADGE AND GOUVERNEUR MORRIS BOTH SEEK DIVORCES

Los Angeles, May 9. — Constance  
Talmadge, motion picture actress,  
filed in the superior court today a  
suit for divorce from John J. Piao-  
loglou, "a native of Turkey, a sub-  
ject of Greece and a cigarette man-  
ufacturer of New York," according to  
the complaint. She charges  
"cruel and inhuman treatment."  
They were married September  
28, 1920, at Greenwich, Conn., and  
separated April 5, 1921, the com-  
plaint asserts.

Los Angeles, May 9. — Gouver-  
neur Morris, author today, filed a  
suit for divorce from Elsie Morris,  
whom he charges with "desertion  
and abandonment." They were  
married May 22, 1905, in New  
York, and separated February 15,  
1918, according to the complaint.  
They have two children. The com-  
plaint states Mrs. Morris is now  
employed in a "beauty parlor" in  
New York.

## HARDING TO MEET RAIL EXECUTIVES

Summons 15 Officials to White  
House Dinner to Discuss the  
Railroad Situation

Washington, May 9. — President  
Harding has summoned 15  
leading transportation executives of  
the country. It was said today at the  
executive offices, to attend a dinner  
at the White House May 20 for the  
purpose of discussing the railroad sit-  
uation.

It is understood the President will  
ask the transportation chiefs to con-  
sider the possibility of adjusting rail-  
road freight rates downward as a vol-  
untary matter, because the Interstate  
Commerce commission is said to have  
concluded that it cannot legally com-  
pel reductions to an extent satisfactory  
to public and business sentiment.

## COLLEGE STUDENT SLAIN ON CAMPUS

Dispute Over Insult to Young Wo-  
man Results in Killing of  
Oklahoma Youth

(By the Associated Press)

Stillwater, Okla., May 9. — Beckham  
Cobb, 23, federal student at the Okla-  
homa A. and M. college here, was  
shot and killed just outside the  
campus today by Earl Gordon, 25,  
another federal student, while escort-  
ing her to her home at the point of a  
revolver to demand an apology to his  
pretty young wife for an alleged in-  
sult offered by Gordon. Both Cobb  
and Gordon served in the army dur-  
ing the war. Cobb was overseas.

Gordon is held in jail pending an  
investigation, but tonight no charges  
had been filed against him.  
Bernie Sue Cobb, 18-year-old wife  
of Cobb, declared tonight that several  
nights ago Gordon met her on the  
street and insulted her. She had told  
her husband, she said. Recently  
Gordon followed her into a motion  
picture house and seated himself be-  
side her. She left immediately, she  
said.

The story of the killing was told  
tonight by Alvin Cannon, federal stu-  
dent, a friend of both men. Cannon  
said he came out of the chapel at  
noon and met Cobb and Gordon talk-  
ing.

Cobb and Gordon walked on and  
Cannon said he turned just in time to  
see Gordon shoot Cobb. Cobb fell  
over a hedge into the corner of a  
yard and Gordon fired two more  
shots, Cannon stated. Cobb died in-  
stantly.

All three of Gordon's bullets took  
effect. Gordon did not make a de-  
tailed statement. "Cobb was after  
me," he said.

Mrs. Cobb was 15 years of age when  
she married.

## FORDNEY URGES BIG LOAN TO LIBERIA

Ways and Means Committee Chair-  
man, at Party Conference,  
Calls for Action

Washington, May 9. — Appeal to  
Republicans to support a resolution  
providing for a five million dollar  
loan to the republic of Liberia was  
made tonight by Chairman Fordney  
of the house ways and means com-  
mittee, at a party conference, called  
to consider the house legislative pro-  
gram.

Reports of a break in party lines,  
with many Republicans openly ex-  
pressing opposition, put the Liberian  
proposition to the front inasmuch as  
the measure will reach a vote in  
the house tomorrow, with Democrats  
lined up solidly against it.

Chairman Fordney also urged mem-  
bers to "get to work on senators" in  
the hope of expediting tariff and  
bonus bills long ago passed by the  
house. Representative Mondell, the  
Republican leader, declared at the  
outset of the meeting that it was im-  
practicable to talk of three-day re-  
cesses until all appropriation meas-  
ures were ready for the President's  
approval. On hand, he thought, were  
eight or ten of the way by June.

## NO ONE HAS RIGHT TO DISOBEY 'DRY' LAW, SAYS MANNING

Though He Does Not Believe Mod-  
erate Drinking Is a Sin, Bishop  
Declares Prohibition, as Law  
of Land, Should Be Upheld

New York, May 9. — Bishop Wil-  
liam T. Manning, addressing the 139th  
convention of the Episcopal diocese  
of New York, declared today that  
while he did not hold that "to drink  
intoxicants in moderation is a sin,"  
he did believe "no citizen has the  
right to evade or disobey the prohibi-  
tion law."

"As to the principle of prohibition,"  
Bishop Manning asserted, "we have  
a full right to our different views.  
For my own part I have never been  
officially a prohibitionist. I have  
never held and do not now hold that  
to drink wine or other intoxicants in  
moderation is a sin."

"It is my belief, however, that pro-  
hibition properly enforced will make  
us a healthier, a stronger and a better  
people. I believe that prohibition is  
already resulting in improved condi-  
tions both morally and practically in  
the lives and homes of our people."

"We all know what our race has  
suffered through the evils of drink  
and know that if this evil can be  
suppressed, if we can have a genera-  
tion that has not known it, it will  
mean the reduction of poverty, dis-  
ease and crime among us. For the  
possibility of such results as these, I  
think we may well be willing to make  
such small surrender of our personal  
liberties or our tastes as is required,  
and to see prohibition fairly tried."

"But the question now is not what  
you or I think about prohibition, but  
what we respect for law. Prohibition  
is the law of our land. Those who  
disapprove this law have the right to  
say so and to work in lawful ways  
for its repeal but no one has the  
right to evade or disobey this law, and  
no one can do this without grave  
harm to himself and to the life of  
our country."

"It is asserted that this law is wide-  
ly disregarded and especially by those  
whose wealth and position in the  
community give them greatest influ-  
ence. To whatever extent this is true,  
it is a matter of the utmost seri-  
ousness and of the deepest concern."

Bishop Manning's address opened a  
program which is expected to con-  
tinue until Thursday. The chief topic  
of discussion today was the forth-  
coming election of eight deputies to  
the triennial general conference of  
the Episcopal church at Portland,  
Ore., next September.

Central New York Convention.

Syracuse, May 9. — It is expected  
the special committee of which Rev.  
W. D. Clarke of Seneca Falls is chair-  
man, to which the question of ad-  
mitting women as lay delegates to the  
diocesan convention was referred  
will recommend to the 54th annual  
convention of the Episcopal diocese  
of Central New York, that no change  
be made at present. The convention  
opened this afternoon with Right  
Rev. Dr. Charles Blake presiding.  
"The vital question now also carried  
with it permission for women to serve  
as members of the vestry."

## FINAL STILLMAN HEARING TODAY

Defense Expects to Call Several  
Witnesses; Maine Issue Is Pa-  
ternity of Baby Guy

Poughkeepsie, May 9. — The final  
hearing of testimony in the suit of  
James A. Stillman, New York man-  
ufacturer, to divorce Anne C. Still-  
man and disown Baby Guy Stillman,  
will open here tomorrow before Ref-  
eree Daniel J. Gleason. The defense  
expects to call four or five witnesses  
to combat the banker's charges that  
Mrs. Stillman misappropriated her-  
self with Fred Beauvais, Indian guide  
alleged by Mr. Stillman to be the father  
of Little Guy.

When the witnesses have testified,  
the defense will rest. Then both sides  
will present their written summations,  
and the case will go to Referee Gleason  
and Supreme Court Justice Mors-  
chauser for decision.

Since Mr. Stillman did not deny his  
wife's counter-charges that he had  
misappropriated himself with three  
women, it is understood the attorneys  
may no longer consider a divorce decree  
as a possible result of the case. The  
main issue is the paternity of Guy  
Stillman.

## WOMAN'S BODY FOUND 100 MILES FROM ACCIDENT SCENE

Binghamton, May 9. — The last  
of three victims of a drowning accident  
that occurred in this city on Sunday,  
Feb. 26, when an automobile contain-  
ing five persons plunged down an em-  
bankment into the Chenango river and  
three women were drowned, was, it  
is believed, discovered today in the  
Susquehanna river near Sunbury, Pa.,  
approximately 100 miles from the  
scene of the accident. The body, it is  
believed, is that of Miss Josephine  
Casey, whose friends have kept up the  
search since the accident.

## CHAMPION MARBLE SHOOTER

Newark, N. J., May 9. — Mayor  
Bradenbach today sent out a call  
for the best marble shooter in  
Newark. When that youngster ap-  
pears, the mayor will hand him a  
challenge he received today from  
Philadelphia, where a marble tourna-  
ment is to be held the last day of  
this week, May 20. The Newark boy,  
when selected, will shoot against the  
Philadelphia champion.

## CHILE AND PERU SEEK AGREEMENT

Acting Under U. S. Sponsorship,  
Make New Effort to Settle  
Tacna-Arica Controversy

Washington, May 9. — Acting under  
the impartial sponsorship of the  
United States government, Chile and  
Peru today consummated final plans  
for a new effort to settle their forty-  
year-old controversy over Tacna-  
Arica.

The ambassadors of the two South  
American governments, whose foreign  
office diplomatic relations have been  
severed since 1910, called together  
at the state department and in con-  
ference with Secretary Hughes select-  
ed next Monday as the date on which  
negotiations over the old dispute are  
to be resumed in special conference  
here.

At the request of the two envoys,  
Mr. Hughes will formally open the  
conference with an address of wel-  
come, at the same time expressing  
the gratitude of President Harding  
over the spirit of conciliation shown  
by both governments in accepting his  
invitation to discuss their dispute  
on the soil of the United States. The  
opening session will be open to the  
public and it is possible that other  
similar meetings will be held later  
as the negotiations progress.

Except for formally bringing the  
two delegations together, the United

in the conference. It was said today  
that the suggestion had been made by  
this government to send friendly ob-  
servers to the conference session or  
in any way exert its good offices in  
a formal manner. It is an open secret,  
however, that should the delegations  
find themselves unable to agree, Pres-  
ident Harding and his advisors will  
be ready to render whatever assist-  
ance they can.

on the Erie. Mr. Steen will make his

tures.

New York, May 9. — "Americans are  
saving at the spigot and wasting at

should be discarding non-essentials  
and clinging to necessities, John E.  
Edgerton, president of the National  
Association of Manufacturers, declar-

"High-priced hotels, theatres, ball

New York, May 9. — Charles H. Ebbetts Jr. announced today the marriage yesterday of his father, president of the Brooklyn baseball club, and Mrs. Grace Eleanor Slade. Young Ebbetts said he did not know where the ceremony took place.  
"They went off quietly and were married, and that's all I know about it, really," he declared. "They've gone to Pittsburgh with the team and told me just before they left that they'd been married."  
Mr. Ebbetts, who is 65, was divorced last year. Mrs. Slade's first husband, Clyde B. Nott, divorced her in 1909.

The baseball team of the Susquehanna division of the D. & H. which is practicing daily for three days at Cobleskill, preparatory for the opening of the series with Carbondale at the latter city on Saturday staged a game yesterday afternoon between the first and second team. The second team was given Davis and Stinetack as a battery while the first team had Babbitt and Boylan in the points for them, the first time winning but by the close score of 5-4. The game was well played and Manager "Jim" Brody of the division team declared after the game that Carbondale will not have even a look in at the game on Saturday. The rivalry will be keen and doubtless a good bunch of root-ers will accompany the players when they go to the mining city on Friday afternoon for the game on Saturday.

## IRREGULAR, HEAVY TONE AT THE CLOSE

Market's Scope Contracted Vis-ibly; Sales Again Fall Under the Million Mark

New York, May 9. — Alternate recessions and rallies attended today's session of the stock exchange, an irregular to heavy tone prevailing at the close. The market's scope contracted visibly and total sales again fell slightly under the familiar million-share line.

There was less selling pressure among leaders, the occasional reversals apparently resulting more from an absence of buying power than from any concerted efforts of the shorts.

Pools continued their maneuvers in several of the more obscure industrials and specialties, but their operations elicited little or no outside support. Inactive miscellaneous shares, which followed in the wake of the March-April rise, sustained extreme losses of one to three points.

Railroads, the day's only substantial feature, their rebound in the final hour going far to reduce the average of declines. New Haven made a new high record for the year at 30%, and several of the investment transcontinentals and cables improv-ed.

The April tonnage report of the United States Steel corporation will be made public tomorrow. Move-ments of steel shares today gave no hint that bookings would show an increase over those disclosed in the March statement. On the lighter iron, money rates eased, all call loans being made at four per cent. Private loans for 30 to 90 days were made at slight concessions from the opening rate, but long-time accom-mo-dations remained unaltered.

The bond market continued to be influenced today by uncertain condi-tions in the stock list, although show-ing only sporadic heaviness. Lib-erty was fairly steady on greatly re-duced dealings, but French and Bel-gian government issues based and Danish municipals again lost ground.

Domestic rails were erratic, the uncertain trend of those bonds applying alike to investment and speculative issues. St. Paul refund-ing and convertible 4½% Missouri Pacific 4s, Baltimore & Ohio 4s, Nor-folk & Western 6s and New Haven 6s featured the stronger bonds.

## TABLOID TOPICS.

### Is the Senate in Wrong?

Explanation of the defeat of Senator New in the Indiana primary range from dissatisfaction with the administration as a whole, down to local political conditions, including even a charge that Watson, the other Indiana Senator, knifed his colleague. Is it possible that the country is disgusted with the general course and attitude of the Senate as a whole?

# WOMEN OF MIDDLE AGE

## A Trying Period through which Every Woman Must Pass

### Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my household work most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter."—Mrs. FANNIE ROSENSTERN, 832 N. Holly Street, Phila., Pa.

Detroit, Michigan.—"During the Change of Life I had a lot of stomach trouble and was both of a nervous and hot flashes. Sometimes I was not able to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little books and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish this testimonial."—Mrs. J. S. LIVERMORE, 2051 Junction Avenue, Detroit, Mich.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Our Constitution gives the Senate more power. That carries with it corresponding responsibility. The entirely factional attitude shown upon many important questions has not been calculated to enhance the prestige of the senatorial legislative body.

If other primary contests result in the defeat of the men now holding seats in the Senate, that body should take warning and give the country better service.—[Springfield Republican.

### Zero in Information.

Provided you have time to burn, you might whet your wits on the latest Bryn Mawr college examination in general information, starting in with the question, "What time of day is it at the North pole?"—[Chicago News.

### A New Complication.

Has anybody obtained a ruling on the birthday of a baby arriving at 12:30 a. m., daylight saving time?—[Boston Herald.

### A Woman for Congress.

The Democrats of the 13th Indiana district have nominated Miss Kathleen O'Keefe for Congress. It is a Republican district.—[Boston Transcript.

### Better Example.

Thanks to the recent presence of two million doughboys, France is not likely to judge Americans by Jack Dempsey and Peggy Joyce.—[New York Tribune.

### A concert of the Powers.

Faced by a Russian threat, Poland refuses to tremble. Isn't Ignace Jan Paderewski on his way back? Any Russian invaders will have the fear that they are facing a concert of the powers.—[Brooklyn Eagle.

### Has Learned Something.

If the New Hampshire youth who uses his hypnotic power to cast a spell over a susceptible friend and then was not able to rouse him from his trance has learned that it is dangerous for a man to start something he cannot finish the incident has had at least one good result.—[New York Herald.

### Think It Over.

Of course, it probably has never occurred to our outraged citizens that by carrying bankrolls of the traditional "choke-a-horse" proportions and displaying jewels valued at thousands of dollars, they are merely prolonging the crime wave.—[Buffalo Express.

### Forgetful.

The European allies knew what to do with the Turk when the war was on, but they forgot it after the armistice.—[Atlanta Constitution.

### A Divided Advantage.

"Reads like fiction," is one appraisal of the life of the late Henry P. Davison, on the ground that "at 19 he ended his school days and went to work in his uncle's bank." Yet some successful Americans have ended their school days even earlier and have had no banker uncle to offer a job.—[Springfield Republican.

### HOME BUREAU MEETING.

Events of Current Week In and About Laurens.

Laurens, May 9.—There will be a meeting of the Home Bureau in the annex of the Presbyterian church Thursday afternoon. The second lesson in skirt making will be given. Ladies will bring material that is shrunken for a skirt. Anyone desiring to take the first lesson can sign up by making an appointment with either Mrs. Peterson or Mrs. Mallory.

### Surprise Birthday Party.

Friday night 28 young people made Miss Bertha Irish a surprise birthday party. They brought plenty of refreshments which were enjoyed by all. Music, singing and games filled the hours until midnight when they left for home, leaving Bertha a purse of money and wishes for many more sixteen years added to her life.

### Grange Meeting Friday Night.

There will be regular Grange meeting Friday night in their hall. At Lecturer's hour there will be a cap social, each lady to bring two caps alike and a box of lunch for two. Come and have a good time. Every Grange member is to receive a prize.

### Sunday is Mothers' Day.

Mothers' Day will be observed in the Methodist Episcopal church Sunday morning. The pastor will preach a special sermon and appropriate music will be rendered by the choir.

### The Reading Contest.

All persons who desire to enter the

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to become red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

Oneonta district Forward Movement reading contest are invited to meet at the church Thursday evening at 7:30. This contest is open to all ages, both as readers and listeners. Mrs. F. M. Hopkins is chairman. All local churches invited.

THE NATIONS AT GENOA.

At this time the question as to whether the conference at Genoa is to accomplish anything or its members are to return home, with as without the formality of adjournment, is at least debatable. Russia has from the beginning been the element of discord, and there is no doubt that she has been edged along by Germany, her sinister ally. Russia has been asked unqualifiedly to state what her plans are, whether foreign property in that country is to be restored or paid for, and whether she will consent into the concert of nations, with assurance that she will do her part toward maintaining the peace of the world, at the same time restoring order at home.

To these things Russia either has no reply, or is unwilling to make it. She changes her tactics, quibbles and equivocates, suggests alternative propositions, blusters as much as she dares, and in spectacular way sends such of her conference attaches as she can spare back to, or towards Russia, and altogether fusses and flusters without accomplishment. Meantime England, anxious for commercial reasons to conclude a treaty, is apparently willing to make concessions; and France, who sees in the new alliance between Germany and Russia a new peril to herself, stands upon the letter of formal agreements. She insists that Russia shall categorically answer "yes" or "no" to the note stating the allied terms. In this Italy concurs, and even Lloyd George goes so far as to say that it is in Russian hands to make or break the conference.

It does not take a long memory to recall the days following the armistice, during which Germany quibbled and equivocated regarding the treaty of peace, much as Russia is doing at Genoa today. Germany is the backer of Russia in the present conference, and it is not difficult to see the hand of the Hun behind the Bolshevik. For this reason, it is easy to understand why a nation like the United States looking on as an interested observer, but not a participant, should lean in its sympathies toward France. The Russian Bolshevik has always been shifts and difficult, and with Germany backing him, is an element of potential danger.

**WILL NOT BOIL DOWN THE LAW.**

Referring to a statement made last winter that it was the purpose of the Protestant Episcopal church of the United States to "boil down" and condense if not emasculate the Ten Commandments, Bishop Whitehead of Pittsburgh, chairman of the Prayer Book Committee of Revision, denies that there is any intention whatever to make such drastic innovations as in the earlier statement were reported.

The commission, he says, "will make no alteration whatever in the Commandments." What it does do, however, is to propose the optional use of the shortest form, relieved of the unessential argument or reasoning which were clearly designed for the time and circumstances of the Jewish nation. In this the commission follows the example of Christ and of St. Paul, who in rehearsing the commandments both used the shortest form.

The omission of the explanatory passages in connection with the commandments is not at all a boiling down of the commandments. It is merely giving the positive commands without the additional reasoning, which in these times, nor for that matter in the days of Christ, appears unnecessary. It cuts off the comment without boiling down the law.

**THE WIFE'S NAME.**

The modern feminist question, whether a bride should retain her own name after marriage, is given a new turn by the action of Donald Carl Sharpsteen and Relda VanRyper of New York. Not only does the bride in this case keep her name, but the groom adopts it. That simplifies everything.

Miss VanRyper, apparently, is to be Mrs. VanRyper, in defiance of the ultra-feminist tendency of a married woman to insist that she is still "Miss So-and-So." As for Mr. Sharpsteen, he becomes Mr. VanRyper, and that's all there is to it.

This innovation may start a new style in matrimonial nomenclature. It looks like the beginning of a momentous transition. Some sociologists say that the first state of society was not patriarchal, but matrilineal, with the mother not only providing the family name but bossing everybody. Are we destined to get back to that? Or have we in fact never got away from it?

Miss Winslow Commended.  
Binghamton newspapers of yesterday speak in high terms of the concert given Monday in that city by pupils of the Lebegott-Winslow studio in New York, which has trained many genuine artists for the operatic stage.

Miss Pauline Winslow, who is associate teacher with the maestro, Edward Lebegott, in the studio, played all the accompaniments for the entertainment, which was given at the Binghamton Central High school for the benefit of Hope chapter of the Y. W. C. A.

**COMMENTS OF THE PRESS**

Chauncey M. Depew's Oratory.  
"Age cannot wither nor custom stale" the charm of Senator Depew's oratory. He has long been a master of the art, and the spirit of courage and faith in the future which makes the substance of his speech was never more welcome than today, when so many prophets of lesser experience rise to tell us that we are just on the edge of the demitition bowwows and that day after tomorrow some giant is going to push us over.—[Brooklyn Daily Eagle.]

The Sesqui-Centennial.  
The Sesqui-centennial is now fairly before congress, and there can be no doubt about a liberal appropriation from that body. The state and the city do their part and the fair will be a demonstration of the world's progress in the past 50 years. Philadelphia may make nothing out of the fair directly, very few of these great expositions have produced profits at the time. But it will be the greatest advertisement the city could have, and will advertise the United States as nothing else could.—[Philadelphia Record.]

Rebuilding France.  
No more completely devastated districts than the Alsace can be found in France; such restoration as is now to take place there is most practical work in the rebuilding of French civil morale upon which the full shock of the invasion fell with full force enough to crush a less indestructible fiber. Its roots are alive and strong; with help like this the sap will soon flow up to restore health and vigor to an indomitable nation.—[New York Sun.]

The Same.

**TO REPORT THIS MORNING**

Grand Jury Completes Its Work Late Tuesday Afternoon and Will Report at Opening of Court Today—Verdict for Plaintiff in Davis vs. Hansen.

Late yesterday afternoon the grand jury completed its work at Cooperstown and will report at the opening of court in the morning. It is understood that only a few indictments were returned, the cases not being especially strong and not many in number.

The attention of the court and a jury was occupied practically the entire day in the trial of the action brought by Carl E. Davis against his brother-in-law, Hans J. Hansen, of Milford, to recover the sum of \$1,500 which the plaintiff alleged the defendant received as commission for the sale of a farm in the town of Milford. Davis was the purchaser and he asserted that Hansen agreed that he would take no commission and that the farm was being bought at the lowest price.

There was conflicting testimony but evidently the jury assumed that the defendant who had advertised the farm and taken the plaintiff about the county for a period of ten days showing him various farms had earned the money and was entitled to retain the commission. The verdict was no cause of action.

N. P. Willis appeared for the plaintiff and James J. Byard, Jr., represented the defendant. There was some spirited sparring between the attorneys which served to enliven the trial.

**Bailey vs. VanCott Settled.**

The statement was authorized that the action brought by Arthur W. Bailey of Otsego against J. W. VanCott & Son of Unadilla had been settled. The action arose from a motor car accident when the truck of the VanCotts collided with the touring car of Mr. Bailey. It was stated that a cash payment to the plaintiff was made Wood D. Vanderwerken, who represented the plaintiff and Owen C. Becker the defendant. The exact terms of the settlement were not given out.

**BIRDS OF HAPPY OMEN**

Two Doves in Justice Kellogg's Court Room at Binghamton Accepted As Auspicious Omens.

Two doves or carrier pigeons gained entrance to the supreme court chambers over Sunday in some unknown manner and perched upon one of the half columns back of the bench of Supreme Court Justice Abraham L. Kellogg, says the Binghamton Press. The birds were not noticed until after court had opened yesterday, and as they created no disturbance, were allowed to remain until court adjourned for the noon recess.

The feathery visitors were regarded as an omen of peace by many attorneys, who declared that they believed that many civil and criminal cases would be satisfactorily disposed of at this term of court.

The appearance of the doves, emblematic of peace and justice, was considered unique, particularly as three murder cases, the latest number ever to come up for trial at any single term of supreme court in this county, will be disposed of before court adjourns for the summer vacation. It is believed that the birds may have sought shelter during the heavy wind of Sunday, by flying through an open window, and were unable to find their way out again in the morning.

**No Lack of Labor.**

"Talent no trouble to get help," said Avery Goodman of Portlandville yesterday. "Monday night I was telling in the store how I wanted a man to sprout taters, and sorter explaining that Mrs. Goodman said it took me too long, workin' 'longside of the cider barrel. Seventeen men has begged the job this mornin' an' the day's young yit!"

**FINALLY SECURES AWARD**

Mon. George L. Boekes Succeeds by Persistent Effort in Securing Decision Favorable for Mrs. Youngman in Insurance Case.

After a number of setbacks, Attorney George L. Boekes has secured an award from the State Industrial commission in compensation insurance for Mrs. Christine Youngman in the death of her husband, the late Charles D. Youngman, late of Oneonta.

Star readers will doubtless recall that Mr. Youngman was the town superintendent of highways in Oneonta township, and while engaged in work for the town on the highways he sustained internal injuries which resulted in his death a few days later.

On the presentation of the claim under the insurance carried by the town Commissioner Abbott rejected it, basing his decision upon one rendered in the appellate court in the case of the town superintendent of Saugerties, who was killed while at work. The court held in that case that a town superintendent, being an elective officer of the town, could not recover, his position making him an employer and not an employee.

This decision was made in the face of the fact that the estimated expenses of the town, when made for that year, made provision for insuring the superintendent and the other laborers on the town's highways.

Afterward Mr. Boekes went before the full commission and presented proof in the case and submitted his arguments in support of the claim. He maintained that where a town superintendent actually works and assumes all of the risk incident to the labor of the town employees, he is entitled to the same protection as other employees. The claim was rejected by the commission.

Not content with the action of the commission, Mr. Boekes applied for a re-hearing and reargued the claim before the full commission, and he has been notified that the commission has now awarded Mrs. Youngman's claim.

While no announcement has been made, Mr. Boekes is anticipating that the insurance company which wrote the policy, in view of the decision of the appellate division, will take an appeal to the latter court.

Mr. Boekes is convinced not only of the justice of the claim, but of the law in the case, and is prepared to carry it to the highest court.

## TO PLAN BOY SCOUT PROGRAM

Joint Dinner Session of Rotary Club and Boy Scout Council Planned for Thursday Evening at Hotel Oneonta.

On Thursday evening at 6:30 o'clock at the private dining room on the second floor of the Oneonta hotel there will be a joint dinner session of the Boy Scout council of the city and of the Rotary club at which time it is expected that some definite plans will be formulated for the development of the Boy Scout movement in the city.

It has been recognized that the Scout idea has not been taken hold of in Oneonta as it should have done and as it is doing in many cities of the size. It is also apparent that the boy problem in the city has not received the attention it merits. The Rotary club has signified a willingness to aid in the work in every possible way and the leaders of the Scout council are expected on this occasion to have some suggestions as to how the Rotary club can aid in the work.

The dinner will afford an opportunity for an exchange of ideas and the development of plans for activities that will assure the interest of the boys in Scouting and this gained it is believed that the larger development of the idea among the boys will be a result.

The Scout council meets at Scout headquarters this afternoon at which some matters concerning the local troops will be considered. It is hoped that every member of the council will be in attendance.

## WHO CAN VOTE NEXT FRIDAY

City Attorney Gibbs Expresses Opinion That Qualifications of Voters Are Governed by School Law.

A tax election will be held at the Municipal building, May 12, between the hours of nine and four, at which time the qualified voters of the city will determine whether or not the city shall be authorized to purchase a tract of land and erect thereon a stable school for the benefit of the children of the sixth ward of this city, at a cost of \$40,000.

Members of the Board of Education are frequently being asked the question which appears at the head of this article—Who can vote? With a view to obtaining a correct answer to this question, a representative of the board called upon City Attorney George L. Gibbs recently and asked for his opinion. Counselor Gibbs advised that in his judgment Paragraph 210 of Article 7A of the Consolidated School law governed the situation. The paragraph to which the city attorney refers reads substantially as follows:

210 Qualifications of Voters. A person shall be entitled to vote at a school election in such city who is:

1. A citizen of the United States.
2. Twenty-one years of age.
3. A resident within the election district for a period of thirty days next preceding the election at which he offers to vote; and who in addition thereto possesses one of the following four qualifications: (a) Owns or hires real property in such district or is in the possession of such property under a contract of purchase, assessed upon the last preceding assessment roll of the city, or (b) Is the parent of a child of school age, provided such child shall have attended the public schools in the city in which the election is held for a period of at least eight weeks during the year preceding such election, or (c) Not being the parent, has permanently residing with him a child of school age who shall have attended public school for a period of at least eight weeks during the year preceding such election, or (d) Owns personal property, assessed on the last preceding assessment roll of the city, exceeding fifty dollars in value, exclusive of such as is exempt from execution.

No person shall be deemed ineligible to vote at any such election, by reason of sex, who has the other qualifications required by this section.

## COUNTRY CLUB CATERER

L. A. Ward, Formerly Associated With Hotel Hampton Restaurant at Albany, Engaged and Will Open May 28th.

Announcement is made by Leslie Gardner, chairman of the house committee of the Oneonta Country club, of the engagement of L. A. Ward of Albany as caterer at the club for the summer. Mr. and Mrs. Ward are expected to arrive in Oneonta about May 24 and will arrange to open the dining room and the house for social festivities on the Saturday following. They will reside for the summer in the clubhouse with a competent woman cook.

Mr. Ward, who recently visited the city and had an interview with the committee, has had eight years' successful experience as steward and catering at the restaurant of Hotel Hampton in Albany, and with the Cafe Boulevard in New York city. In addition also he catered successfully at a large summer hotel on the Maine coast, and evidently is well equipped in every way for the position.

In addition to being well recommended by those familiar with his work in the past, Mr. Ward impressed the members of the committee that he has an intelligent grasp of conditions at the Country club and what will be expected of him. All who met him on the occasion of the visit to Oneonta believe that the club problem has been well and satisfactorily solved by his engagement.

## WAR DEAD CHARTER MEMBERS

Osage's Heroes to be Honored by American Legion—Committees Appointed for Memorial Day Observance.

Provided their parents or next of kin consent, the men and women from this section of the county who gave their lives for their country in the World war will be made charter members of the Oneonta Post of the American Legion. It was decided at the monthly meeting of the post held last evening. The county committee will decide the apportionment of Osage's honor roll among the five posts in the district. These men and women would, if living, be eligible for membership in the Legion and it is felt that the honor of charter membership should be accorded them in case their next of kin consent. This idea will be carried out throughout the county.

Plans for Memorial day were discussed and a committee consisting of Everett C. Hicks, Ralph S. Wyckoff, Herbert C. Getman, and Dr. F. H. Tatlock was appointed to confer with G. A. R. and Spanish War Veterans committees in regard to the observance. It was decided that the Legion would unite with the other organizations in the parade and exercises at Riverside cemetery and would be in charge of the dedication of the memorial trees which the Chamber of Commerce has planted at Neahwa park to perpetuate the names of Oneonta's war dead. The Legion expressed itself as in favor of holding the Memorial day exercises in the morning instead of in the afternoon as heretofore. It was voted to accept the offer of the city to furnish money to defray the Memorial day expenses of the Legion and a committee was appointed to ascertain the amount needed.

The dance committee reported that plans for the big event to be held at the armory on Thursday evening were progressing satisfactorily and that a large attendance was anticipated.

## "Stop" and "Go" Traffic Signs.

"Stop" and "Go" traffic signs will soon be erected at the corners of Main and Broad and Main and Chestnut streets as an aid in directing traffic at those busy intersections. The signs are now being made by city workmen and will soon be completed and placed in operation. It is thought that they will aid the city in furnishing money to defray the Memorial day expenses arising from the heavy traffic on the narrow streets. The signs have two arms, one marked "Stop" and the other "Go," which can be manipulated by the officer so that traffic may be stopped on either street and allowed to pass on the other.

## POLLOCK ON CITY ZONING

New York City Consulting Engineer Speaks at Chamber of Commerce Meeting Friday Evening.

Clarence D. Pollock, consulting engineer of New York city, will speak on "The Relation of Zoning to a City's Growth," at the Chamber of Commerce quarterly membership meeting Friday evening in Municipal hall at 7:45 o'clock. Chairman P. R. Chambers of the Zoning committee announced last evening.

As explained in yesterday's Star, efforts to secure Mr. Pollock were successfully made by the Zoning committee after news was received of the illness of Montague G. Merritt, land-use architect of Rome, who was originally scheduled to speak. Mr. Pollock has a wide reputation among the profession of expert city planners and it is expected that his address Friday evening will be of particular interest to citizens of Oneonta who wish to gain an authoritative explanation of zoning and other phases of city planning, and especially those who missed the address by Ernest P. Goodrich several weeks ago.

Keene, N. H., a city of comparable size to Oneonta, is included in the list of places where Mr. Pollock has done city planning work in recent years. His experience also includes the cities of Danbury, Conn., San Antonio, Texas; Havana, Cuba, and at various times he has been engaged for engineering work for New York city in different capacities.

President Roscoe C. Briggs of the Chamber will preside at the meeting Friday evening and a report on the organization's activities for the last three months will be rendered. The meeting will be open to the public and all men and women of Oneonta are invited to attend and learn about zoning.

## REHEARSALS COMMENCE.

Mr. Waldmann Well Satisfied with the Work of Local Talent.

Rehearsals have commenced for "The Taming of the Shrew," the brilliant Shakespearean comedy, a modern travesty version of which Edward Waldmann of New York city, assisted by local talent, will present at the Oneonta theatre on Wednesday evening, May 17, under the auspices of the Catholic Daughters of America of this city.

Rehearsals will be held each afternoon and evening at K. of C. hall until the day of the play, under the direction of Mr. Waldmann. The principal parts have all been cast and Mr. Waldmann expresses himself as well satisfied with the results already attained. He considers the young people who have consented to assist, fully the equal of any he has met in this section of the country, and he is confident that with their assistance he will be able to present one of the best performances of the kind ever presented in Oneonta.

This modern travesty version of the comedy retains to a great extent all the beauties of the original, and has been so condensed, with all superfluous dialogues removed, as to permit the introduction of solos, classic dances and brilliant choruses, which makes it conform to modern ideas. It will be thoroughly enjoyed by all classes of theatregoers. Tickets will be placed on sale at an early date.

## MISS CARREL PLEASES

Children Delighted by Afternoon Performance—Songs, Stories and Nursery Rhymes.

Yesterday afternoon at 4:15 the spacious auditorium at the High school was taxed to its utmost capacity to accommodate almost one thousand children from the public schools, who gathered to attend the entertainment given by Miss Carrel. The children in many cases were forced to sit two in a seat and all were in a fever of anticipation. Miss Carrel appeared on the platform in the costume of Mother Hubbard and as an introduction sang two songs entitled "Pussy Willow" and "Tick, Tock, Clock." This was followed by the song "How Would You Like to Go Up in a Swing," illustrated by colored lantern slides, a story "The Hundred Ducks," and two songs, "The Hungry Duck" and "Co-co-a-doodle-do." She then told the children the story of "Little Marylin and the Snow Babies" and the story of "Mother Earth and the Root Children." There were songs entitled "Greedy-Legs," "The Fairies," "Little Chick," "Mother Dear, When You Were Little," "Summer Wind," and "Dirty Face Go Away." The children thoroughly enjoyed the story of "Sindbad, The Frog Sailor," the story of "Peter Pan," and barnyard stories. There were pictures of well-known flowers and many nursery rhymes which the children joined in singing. The children showed intense appreciation of every feature of the entertainment and every number was greeted with vociferous applause.

E. McCulley one day last week, who imposed the minimum fine of \$5.

Harold Cook of Stamford also appeared before "Judge McCulley" one day last week, charged by state troopers with driving his truck without lights. Because of extenuating circumstances, and in accord with the suggestion set forth in a letter from the trooper who made the arrest, this case was also disposed of leniently.
